Vervarcke, Anne

A monumental work of 10 volumes by Dr C. Hering which is rearranged and augmented. In Hering's Guiding Symptoms, the emphasis had shifted to confirmed symptoms.

In his "Guiding Symptoms", he set the evaluation of symptoms at four grades, just as Boenninghausen had done in his repertory. It includes mention of various pathological conditions or diseases in which a particular symptom was cured by a particular drug.

The Guiding Symptoms Of Our Materia Medica-10 Volume

ISBN : 978-81-319-**0213-4** | ₹ 6999

Set of 12 books holds the contributions of some great stalwarts of homeopathy- Dr. Richard Hughes, Dr. C. Hering, Dr. Carroll Dunham and Dr. Ad. Lippe. The first ten volumes unfailingly portray a total of 1039 homeopathic remedies with symptoms collected from experiments made upon healthy individuals for the purpose of noting the effects of drugs, effects observed after poisonous doses (accidentally or maliciously administered) and the Symptoms (cautiously admitted) observed in the sick after the administration of the drug.
